

Ferrellgas Introduces Newsroom to Provide Timely Customer Reminders & Information

December 21, 2022

LIBERTY, Mo., Dec. 21, 2022 (GLOBE NEWSWIRE) -- Today is the first day of winter, and Ferrellgas Partners, L.P. (OTC: FGPR), one of the nation's largest propane retailers, wants to make sure America's propane homeowners are prepared for whatever Old Man Winter brings this year.

Winter is never easy to predict, but it typically brings at least a blast or two of cold temperatures. That's where Ferrellgas propane plays a big role. As a company that's been in business for more than eight decades, Ferrellgas understands the importance of educating its customers about propane and their responsibilities as propane homeowners. With the launch of a [Newsroom](#) on the Ferrellgas website, the company has doubled down on that important commitment.

"We couldn't think of a better day to launch our Newsroom than on the first day of winter," Vice President of Retail Operations Tim Sayers said. "It's chock full of timely information designed to help Fuel Life Simply for Ferrellgas' many propane customers nationwide. We encourage anyone who uses propane, as well as those who may be interested in purchasing a propane-fueled home, to check it out."

A link to the Ferrellgas Newsroom can be found in the footer section of each [Ferrellgas.com](#) page. In addition to reminding all customers to keep a clear path to their tank on the day of their scheduled delivery and encouraging Will Call customers to provide plenty of notice prior to their next delivery, the page features the latest Ferrellgas social media posts and links to past company press releases.
