As of July 31, 2009, \$37.0 million was funded under our accounts receivable securitization facility at an effective borrowing rate of 3.56%.

As of July 31, 2009, Ferrellgas Partners, L.P.:

- had total indebtedness of approximately \$1,077.7 million;
- had availability under the existing senior unsecured credit facility of approximately \$248.9 million; and
- had aggregate future minimum rental commitments under non-cancelable operating leases of approximately \$67.6 million; provided, however, if Ferrellgas Partners, L.P. elects to purchase the underlying assets at the end of the lease terms, such aggregate buyout would be \$19.4 million.

All of the indebtedness and other obligations described above are obligations of Ferrellgas, L.P. except for \$268.0 million principal amount of senior debt due 2012 issued by Ferrellgas Partners, L.P. and Ferrellgas Partners Finance Corp., a wholly-owned subsidiary of Ferrellgas Partners, L.P. This \$268.0 million in principal amount of senior notes also contains no sinking fund provisions.

On September 8, 2009, Ferrellgas, L.P. and several banks and other financial institutions executed into escrow a Credit Agreement ("Credit Agreement") which will be released from escrow pending certain closing conditions. The Credit Agreement is intended

to replace our existing senior unsecured credit facility.

The Credit Agreement, at closing, will provide for a \$400 million revolving credit facility with the entire amount available for loans and with a sublimit of \$200 million for letters of credit.

The obligations under such credit facility will be secured by substantially all assets of Ferrellgas, L.P., Ferrellgas, Inc. and certain subsidiaries of Ferrellgas, L.P. but specifically excluding (a) assets that are subject to Ferrellgas, L.P.'s receivables securitization facility, (b) Ferrellgas, Inc.'s equity interest in Ferrellgas Partners, L.P. and (c) equity interest in certain unrestricted subsidiaries. Such obligations will also be guaranteed by Ferrellgas, Inc. and certain subsidiaries of Ferrellgas, L.P.

The new senior secured revolving credit facility will mature on the third anniversary of the closing date for such facility.

Revolving loans under this new credit facility would bear interest, at Ferrellgas, L.P.'s option, at a rate equal to either (a) a base rate plus a margin varying from 2.50% to 3.25%, or (b) LIBOR plus a margin varying from 3.50% to 4.25%. Base rate under this credit facility will be defined as the highest of the federal funds rate plus 0.50%, Bank of America's prime rate (as of July 31, 2009, the federal funds rate and Bank of America's prime were 0.18% and 3.25%, respectively), or one-month LIBOR plus 1%.

Outstanding letters of credit, which are considered usage of the revolving credit facility, will be priced at rates varying from 2.75% to 4.25% plus an additional fronting fee of 0.20%. An annual commitment fee currently equal to 0.50% will be paid on any daily unused revolving credit capacity.

The Credit Agreement contains customary covenants including, but not limited to, covenants restricting the ability of Ferrellgas, L.P. and certain subsidiaries to: (1) incur certain debt, (2) grant certain liens, (3) enter into certain merger or consolidation transactions, (4) dispose of certain assets, (5) enter into certain affiliate transactions, and (6) enter into certain other restrictive agreements.

This Credit Agreement also requires us to satisfy certain financial covenants at the end of each fiscal quarter, including:

- (1) Ferrellgas, L.P.'s ratio of Consolidated Funded Senior Secured Indebtedness to Consolidated EBITDA, all as defined in the Credit Agreement, for a four fiscal quarter period shall not exceed 2.50 to 1.00 or less;

(2) Ferrellgas, L.P.'s ratio of Consolidated EBITDA to Consolidated Interest Charges, all as defined in the Credit Agreement, shall not exceed 2.50 to 1.00; and

(3) Ferrellgas, L.P.'s ratio of Consolidated Funded Indebtedness to Consolidated EBITDA, all as defined in the Credit Agreement, for a four fiscal quarter period shall not exceed 5.00 to 1.00 or less.

The Credit Agreement has customary events of default, including but not limited to, the following:

- a failure to pay principal or premium or, within a grace period, the interest on any loan under the credit agreement;
- if a representation or warranty is proven to be incorrect or misleading when made;
- a change of control or the failure to observe or perform covenants or agreements;
- the commencement of proceedings under federal, state or foreign bankruptcy, insolvency, receivership or similar laws;
- inability or general failure to pay debts as they become due;
- the entry of one or more judgments for the payment of money in an aggregate uninsured amount equal to or greater than \$25,000,000 that remains undischarged for 30 days; or
- suffering an event of default and the lapse of any applicable grace period under any other Indebtedness (as defined in the Credit Agreement) in excess of \$25,000,000.

If an event of default occurs, then the lenders may: (1) terminate their commitments under the Credit Agreement, (2) declare any outstanding loans under the Credit Agreement to be immediately due and payable, and (3) foreclose on the collateral.
