EXPLANATORY NOTE

On September 23, 1999, the registrant filed a registration statement on Form S-8 (Registration No. 333-87633) covering the issuance of up to 850,000 common units under the Amended and Restated Ferrellgas Unit Option Plan. On March 15, 2002, upon amending and restating that plan, the registrant filed a registration statement on Form S-8 (Registration No. 333-84344) covering the issuance of up to an additional 500,000 common units under the Second Amended and Restated Ferrellgas Unit Option Plan. This post-effective amendment No. 1 to both of those registration statements is filed for the sole purpose of filing a reoffer prospectus covering reoffers and resales of such common units by affiliates of the registrant pursuant to General Instruction C.1(a) to Form S-8. There are currently 1,011,400 options to purchase common units either outstanding or eligible for issuance under the Unit Option Plan.

PART I

INFORMATION REQUIRED IN THE SECTION 10(A) PROSPECTUS

Documents containing the information specified in Part I of Form S-8 have been and/or will be sent or given to eligible participants as specified by Rule 428(b)(1) of the Act. In accordance with the instructions to Part I of Form S-8, these documents will not be filed with the SEC either as part of the registration statements or as prospectuses or prospectus supplements pursuant to Rule 424 under the Securities Act. These documents, the reoffer prospectus below, the documents incorporated by reference pursuant to Item 3 of Part II of the registration statements and any information contained in an applicable prospectus supplement, taken together, constitute the prospectus as required by Section 10(a) of the Act.

CONTROL SECURITIES REOFFER PROSPECTUS

The material which follows constitutes a prospectus prepared in accordance with the applicable requirements of Part I of Form S-3 and General Instruction C to Form S-8, to be used in connection with reoffers and resales of control securities acquired under the Unit Option Plan.

PROSPECTUS

1,011,400 Common Units
Ferrellgas Partners, L.P.

We are the second largest retail marketer of propane in the United States based on retail gallons sold during our fiscal year 2002, representing what we believe to be approximately 11% of the retail propane gallons sold in the United States.

The selling unitholders named in this prospectus (or in a supplement to this prospectus), and any of their pledgees, donees, transferees or other successors in interest, may offer to sell up to an aggregate of 1,011,400 of our common units. On the date of this prospectus, the selling unitholders own some but not all of such common units, and they may acquire more of such common units pursuant to our Second Amended and Restated Ferrellgas Unit Option Plan. We will not receive any of the proceeds from the sale of any of these common units by such selling unitholders, other than any payment of the exercise price for the issuance of such common units under the Unit Option Plan, but we agreed to bear the expenses of registering such common units. Our registration of these common units does not necessarily imply that all or any portion of such common units will be offered for sale by the selling unitholders.

Our common units are traded on the New York Stock Exchange under the symbol "FGP."

The selling unitholders may sell their common units by means of this prospectus and any applicable prospectus supplement or they may decide to sell them by other means, including pursuant to Rule 144; however they are not obligated to sell their common units at all. The selling unitholders may sell their common units from time to time in one or more types of transactions (which may include block transactions) on the New York Stock Exchange, in the over-the-counter market, in negotiated transactions, through put or call option transactions relating to the common units, through short sales of common units, or a combination of such methods of sale, at market prices prevailing at the time of sale, at prices related to such market prices, at negotiated prices, or at fixed prices. The selling unitholders may sell their common units directly to purchasers or through agents, underwriters or broker-dealers. If required by law, the names of any such agents and underwriters involved in the sale and the applicable agent's commission, dealer's purchase price or underwriter's discount, if any, will be set forth in a supplement accompanying this prospectus. The selling unitholders will pay any applicable underwriting discounts, selling commissions and transfer taxes. We will pay all other expenses incident to the registration of the common units. The selling unitholders and any broker-dealers, agents or underwriters that participate in the distribution of the common units may be deemed to be "underwriters" within the meaning of the Securities Act of 1933, and any commission received by them and any profit on the resale of the common units purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is June 23, 2003.

THE COMPANY

We are the second largest retail marketer of propane in the United States based on retail gallons sold during our fiscal year 2002, representing what we believe to be approximately 11% of the retail propane gallons sold in the United States. As of April 30, 2003, we had 593 retail outlets serving more than 1 million residential, industrial/commercial and agricultural and other customers in 45 states. Our operations primarily include the retail distribution and sale of propane and related equipment and supplies and extend from coast to coast with concentrations in the Midwest, Southeast, Southwest and Northwest regions of the country.

USE OF PROCEEDS

We will not receive any proceeds from any sales by any selling unitholder of common units covered by this prospectus, other than any payment of the exercise price for the issuance of such common units under the Unit Option Plan.

SELLING UNITHOLDERS

Pursuant to General Instruction C.3(a)(1) of Form S-8, we will name the selling unitholders in a supplement to this prospectus which will be filed with the SEC prior to any registered resales by such persons. An "affiliate" is defined by SEC Rule 405 as a "person that, directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with" us.

PLAN OF DISTRIBUTION

We have been advised that the selling unitholders, and/or their donees, pledgees, transferees or other successors in interest, may effect sales of our common units directly, or indirectly by or through underwriters, agents or broker-dealers, and that such common units may be sold by one or a combination of several of the following methods:

- o ordinary brokerage transactions;
- o an underwritten public offering in which one or more underwriters participate;
- o purchases by a broker-dealer as principal and resale by that broker-dealer for its own account;
- o in "block" sale transactions; and
- o in privately negotiated transactions.

Our common units will be sold at prices and on terms then prevailing in the market, at prices related to the then-current market price of the common units, or at negotiated prices. At the time that a particular offer is made, a prospectus supplement, if required, will be distributed that describes the name or names of underwriters, agents or broker-dealers, any discounts, commissions and other terms constituting selling compensation and any other required information. Moreover, in effecting sales, broker-dealers engaged by any selling unitholder and/or the purchasers of the common units may arrange for other broker-dealers to participate in the sale process. Broker-dealers will receive discounts or commissions from the applicable selling unitholder and/or the purchasers of the common units in amounts that be negotiated prior to the time of sale. Sales will be made only through broker-dealers properly registered in a subject jurisdiction or in transactions exempt from registration. Any of these underwriters, broker-dealers or agents may perform services for us or our affiliates in the ordinary course of business.

The applicable selling unitholder also may resell all or a portion of the common units in open market transactions in reliance upon Rule 144 of the Securities Act rather than pursuant to this prospectus, provided that they meet the criteria and conform to the requirements of such rule.

When common units are to be sold to underwriters, unless otherwise described in the applicable prospectus supplement, the obligations of the underwriters to purchase the common units will be subject to conditions precedent but the underwriters will be obligated to purchase all of the common units if any are purchased. The common units will be acquired by the underwriters for their own account and may be resold by the underwriters, either directly to the public or to securities dealers, from time to time in one or more transactions, including negotiated transactions. These sales can occur either at fixed public offering prices or at varying prices determined at the time of sale. The initial public offering price, if any, and any concessions allowed or reallocated to dealers, may be changed from time to time. Those underwriters may be entitled, under agreements with us, to indemnification from us against certain civil liabilities, including liabilities under the Securities Act, or to contribution by us to payments that they may be required to make in respect of those civil liabilities.

Any broker or dealer participating in any distribution of common units in connection with the offering made by this prospectus may be deemed to be an "underwriter" within the meaning of the Securities Act and may be required to deliver a copy of this prospectus, including a prospectus supplement, if required, to any person who purchases any of the common units from or through that broker or dealer.

We have agreed to pay for the costs of registering the common units under the Securities Act, including the registration fee under the Securities Act, reasonable fees and disbursements of our counsel, accounting fees and printing fees. The applicable selling unitholder will bear all other expenses in connection with this offering, including brokerage commissions.

FORWARD-LOOKING STATEMENTS

This prospectus and the documents we have incorporated by reference include forward-looking statements. These forward-looking statements are identified as any statement that does not relate strictly to historical or current facts. They often use or are preceded by words such as "anticipate," "believe," "intend," "plan," "projection," "forecast," "strategy," "position," "continue," "estimate," "expect," "may," "will," or the negative of those terms or other variations of them or comparable terminology. These statements often discuss plans, strategies, events or developments that we expect or anticipate will or may occur in the future and are based upon the beliefs and assumptions of our management and on the information currently available to them. In particular, statements, express or implied, concerning our future operating results or our ability to generate sales, income or cash flow are forward-looking statements.

Forward-looking statements are not guarantees of future performance. You should not put undue reliance on any forward-looking statements. All forward-looking statements are subject to risks, uncertainties and assumptions that could cause our actual results to differ materially from those expressed in or implied by these forward-looking statements. Many of the factors that will affect our future results are beyond our ability to control or predict.

Some of our forward-looking statements include the following:

- o whether our operating partnership will have sufficient funds to meet its obligations, including its obligations under its debt securities issued under this prospectus and any applicable prospectus supplement, and to enable it to distribute to us sufficient funds to permit us to meet our obligations with respect to our existing securities and the

securities issued under this prospectus and any applicable prospectus supplement;

- o whether we and our operating partnership will continue to meet all of the quarterly financial tests required by the agreements governing their indebtedness; and
- o the expectation that future periods may not have the same percentage decrease in retail volumes, revenues and expenses as was experienced for the twelve months ended July 31, 2002.

For a more detailed description of these particular forward-looking statements and for other factors that may affect any forward-looking statements, see the section entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Item 7 of our most recently filed Annual Report on Form 10-K or Form 10-K/A, as applicable, and in Item 2 of our most recently filed Quarterly Report on Form 10-Q, both as incorporated herein by reference. See "Where You Can Find More Information."

When considering any forward-looking statement, you should also keep in mind the risk factors described in the documents we have incorporated herein by reference and an applicable prospectus supplement. Except for our ongoing obligations to disclose material information as required by federal securities laws, we undertake no obligation to update any forward-looking statements after we distribute this prospectus and any applicable prospectus supplement.

In addition, our classification and that of our operating partnership as partnerships for federal income tax purposes means that we do not generally pay federal income taxes. We do, however, pay taxes on the income of our subsidiaries that are corporations. We rely on a legal opinion from our counsel, and not a ruling from the Internal Revenue Service, as to our proper classification for federal income tax purposes.

Item 6. Indemnification of Directors and Officers

Ferrellgas Partners, L.P. and Ferrellgas, L.P.

Ferrellgas Partners, L.P. and its operating partnership, Ferrellgas, L.P., have no employees, officers or directors. Each is managed and operated by the employees, officers and directors of its general partner, Ferrellgas, Inc.

The partnership agreements of Ferrellgas Partners, L.P. and Ferrellgas, L.P. provide that Ferrellgas Partners, L.P. and Ferrellgas, L.P., as the case may be and subject to any limitations expressly provided in the partnership agreement of either partnership, shall indemnify and hold harmless to the fullest extent permitted by current applicable law or as such law may hereafter be amended (but, in the case of any such amendment, only to the extent that the amendment permits either partnership to provide broader indemnification rights) particular persons (each, an "Indemnitee") from and against any and all losses, claims, damages, liabilities (joint or several), expenses (including, without limitation, legal fees and expenses), judgments, fines, penalties, interest, settlements and other amounts arising from any and all claims, demands, actions, suits or proceedings, whether civil, criminal, administrative or investigative, in which any Indemnitee may be involved, or is threatened to be involved, as a party or otherwise, by reason of their status as:

- o the general partner, a former general partner, or any of their affiliates;
- o an officer, director, employee, partner, agent or trustee of either partnership, the general partner, any former general partner, or any of their affiliates; or
- o a person or entity serving at the request of either partnership in another entity in a similar capacity.

This indemnification is available only if the Indemnitee acted in good faith, in a manner in which the Indemnitee believed to be in, or not opposed to, the best interests of the applicable partnership and, with respect to any criminal proceeding, had no reasonable cause to believe its conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere, or its equivalent, shall not of itself create a presumption that the Indemnitee acted in a manner contrary to that specified in the immediately preceding sentence. Any indemnification shall be made only out of the assets of the applicable partnership and our general partner shall not be personally liable for any indemnification and shall have no obligation to contribute or loan any money or property to the applicable partnership to enable it to effectuate any indemnification. In no event may an Indemnitee subject the limited partners of the applicable partnership to personal liability by reason of being entitled to indemnification.

To the fullest extent permitted by current applicable law or as such law may hereafter be amended (but, in the case of such amendment, only to the extent that the amendment permits either partnership to provide broader indemnification rights), expenses (including, without limitation, legal fees and expenses) incurred by an Indemnitee in defending any claim, demand, action, suit or proceeding shall, from time to time, be advanced by the applicable partnership prior to the final disposition of such claim, demand, action, suit or proceeding upon receipt by the applicable partnership of an undertaking by or on behalf of the Indemnitee to repay such amount if it shall ultimately be determined by a court of competent jurisdiction that the Indemnitee is not entitled to indemnification.

We have, to the extent commercially reasonable, purchased and currently maintain (or reimburse our general partner or its affiliates for the cost of) insurance, on behalf of our general partner and such other persons or entities as our general partner has determined, including particular other Indemnitees, against any liability that may be asserted against or expenses that may be incurred by such person or entity in connection with either partnership's activities or in connection with such person's or entity's activities related to either partnership in such person's or entity's professional capacity,

regardless of whether Ferrellgas Partners, L.P. or Ferrellgas, L.P. would have the power to indemnify such person or entity against such liability under the provisions of either partnerships' applicable partnership agreement.

An Indemnitee shall not be denied indemnification by the applicable partnership, in whole or in part, because the Indemnitee had an interest in the transaction with respect to which the indemnification applies so long as the transaction was otherwise permitted by the terms of the applicable partnership agreement. Notwithstanding anything to the contrary set forth in the applicable partnership agreement, no Indemnitee shall be liable for monetary damages to the applicable partnership, the limited partners, their assignees or any other persons or entities who have acquired partnership interests in Ferrellgas Partners, L.P., for losses sustained or liabilities incurred as a result of any act or omission if such Indemnitee acted in good faith. Also, our general partner shall not be responsible for any misconduct or negligence on the part of any agent appointed by our general partner in good faith to exercise any of the powers granted to our general partner or to perform any of the duties imposed upon it pursuant to the applicable partnership agreement.

Ferrellgas, Inc.

The Certificate of Incorporation, as amended, and bylaws of Ferrellgas, Inc. also provide for similar indemnification rights and benefits for its officers and directors from and against any and all losses, claims, damages, liabilities (joint or several), expenses (including, without limitation, legal fees and expenses), judgments, fines, penalties, interest, settlements and other amounts arising from any and all claims, demands, actions, suits or proceedings, whether civil, criminal, administrative or investigative, in which any officer or director of Ferrellgas, Inc. may be involved, or is threatened to be involved, as a party or otherwise; provided, however, the officers or directors must have acted in good faith, in a manner in which such person or entity believed to be in, or not opposed to, the best interests of Ferrellgas, Inc. and, with respect to any criminal proceeding, had no reasonable cause to believe its conduct was unlawful. Ferrellgas, Inc. is also under similar obligations to advance expenses to its officers and directors relating to indemnified claims and Ferrellgas, Inc. has, to the extent commercially reasonable, purchased and currently maintains insurance on behalf of its officers and directors.

Furthermore, the directors of Ferrellgas, Inc. are not personally liable to Ferrellgas, Inc. or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability:

- o for any breach of the director's duty of loyalty to Ferrellgas, Inc. or its stockholders,
- o for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- o for unlawful payments of dividends or unlawful stock repurchases or redemptions under Section 174 of the General Corporation Law of the State of Delaware; or
- o for any transaction from which the director derived an improper personal benefit.

Ferrellgas, Inc. has also entered into employment agreements with some of its directors and officers. Pursuant to these employment agreements, Ferrellgas, Inc. has contractually agreed to indemnify these officers and directors generally in accordance with the indemnification terms and provisions set forth above. Some of these employment agreements also provide that Ferrellgas, Inc. shall indemnify such director or officer when they were or are a party or are threatened to be made a party to any threatened, pending or completed action or suit by or in the right of Ferrellgas, Inc. to procure a judgment in its favor by reason of the fact that such director or officer is or was a director or officer of Ferrellgas, Inc., or is or was serving at the request of Ferrellgas, Inc. as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by such director or officer in connection with the defense or settlement of such action or suit if such director or officer acted in good faith and in a manner that such director or officer reasonably believed to be in or not opposed to the best interests of Ferrellgas, Inc. and except that no indemnification pursuant to the employment agreements shall be made in respect of any claim, issue or matter as to which such director or officer shall have been adjudged to be liable to Ferrellgas, Inc. unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such directors or officers are fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Generally, any indemnification under these employment agreements (unless ordered by a court) shall be made by Ferrellgas, Inc. only as authorized in each specific case upon a determination, in accordance with the procedures set forth in the applicable employment agreement, that indemnification of such director or

officer is proper in the circumstances because such director or officer has met the applicable standard of conduct set forth in their particular employment agreement. Such determination shall be made:

- o by a majority vote of the board of directors of Ferrellgas, Inc. who are not parties to such action, suit or proceeding, even though less than a quorum;

- o if there are no such directors or, if such directors so direct, by independent legal counsel in a written opinion; or
- o by the stockholders of Ferrellgas, Inc.

Also, if such director or officer institutes any legal action to enforce such director's or officer's rights under their employment agreement, or to recover damages for breach of their employment agreement, such director or officer, if such director or officer prevails in whole or in part, shall be entitled to recover from Ferrellgas, Inc. all fees and expenses (including attorneys' fees) incurred by such director or officer in connection therewith.

None of the indemnification rights described herein are exclusive of any other rights to which an Indemnitee, or other applicable person, may be entitled under any bylaw, agreement, vote of stockholders, unitholders or disinterested directors, as a matter of law or otherwise, both as to action in the Indemnitee's, or other applicable person's, official capacity with either partnership or Ferrellgas, Inc. and as to action in another capacity while holding such office, and shall continue after the Indemnitee, or other applicable person, has ceased to be an officer or director of either partnership or Ferrellgas, Inc., and shall inure to the benefit of the heirs, executors and administrators of the Indemnitee, or other applicable person.
